

Virtual Ethics in Prevention Training

The Ethics in Prevention training can help you make ethical choices in your work every day. It describes the six principles in the Prevention Code of Ethics, illustrated by realistic examples designed to enhance your understanding of each principle. It also introduces a decision-making process designed to help you apply this code to a variety of ethical dilemmas.

SIGN UP NOW!

It is required that you attend Both sessions and complete assigned work in between sessions to receive a certificate of completion for this training. Sessions will be held live on Zoom.
